...if what Stag suggests is true,
all yall need to go back to
Chicago with Brown. I know I'm
glad I'm outta St. Louis and Deep
Morgan, as much as I love yall.
With Billy runnin' things around
here, ya'll doomed.

as well. Perhaps they have THEIR
sights set on Chicago as well.

get started there? Joe, you got
some political muscle you wanna
let err one in on?

Look, I hear you, mane. And, no,
not exactly. Shit, with bud being
legalized in Cali, Colorado,
Washington, and so on...margins is
steadily sinkin'. That latest
legislation outta Cali really
hurt. It was bad enough when it
was just medicinal. So, if I was
still located here I couldn't
afford to split profits with
Bridgewater and Billy either. But,
our stronghold is slippin' here.
At least I could be a tentpole for
you in Chicago...and, we have
Brown. And, HE has friends...and
friends of friends. You know none
of the Bridgewaters will allow any
of their people to do even-handed
business with the Stags.
